

## 9 LITRE STAINLESS STEEL BUCKET WITH BONDING LEAD AND CLIP

**ONLY \$100.00** EX GST

Aviation Components is now carrying a smaller and more compact stainless steel bucket. They have a 9 litre capacity and are fitted with a bonding lead and clip.

At only 235mm's high this bucket is also ideal for obtaining fuel samples from those low drain points you've previously found hard to get a bucket under.
